About Me

Experienced software engineer with a strong background in backend development and cloud-native solutions. Passionate about creating scalable, efficient, and user-friendly applications. Skilled in multiple programming languages and frameworks, with a focus on delivering high-quality software that meets business needs. Always eager to learn new technologies and contribute to innovative projects.

Work Experience

- **Backend Engineer** at *TechWave Solutions - Sunnyvale, CA, USA*

08/2022 – Present

- Developing microservices and background jobs using Golang
- Building and maintaining RESTful APIs and scheduled tasks in NestJS
- Collaborating on system architecture design and integrating with third-party systems
- Implemented scalable solutions for an e-commerce platform, integrating payment gateways and third-party logistics

- **Full Stack Engineer** at *InnovateX Labs - Berlin, Germany*

01/2020 – 08/2022

- Built and maintained backend services using Django and Node.js
- Designed responsive user interfaces using ReactJS, Material-UI, and TailwindCSS
- Contributed to the SmartCity project, integrating IoT data visualization and analytics
- Worked on integrating AI-powered chatbots and recommendation engines using machine learning APIs

Skills

▪ Golang ▪ Python ▪ JavaScript ▪ Node.js ▪ NestJS ▪ ExpressJS ▪ ReactJS ▪ Next.js
▪ Django ▪ PostgreSQL ▪ MySQL ▪ MongoDB ▪ Docker ▪ Kubernetes ▪ AWS ▪ CI/CD
Pipelines ▪ Microservices Architecture ▪ API Development

Education

- **B.Tech - Computer Science, XYZ University, Springfield, USA**

2010 – 2014

- **High School Diploma, ABC High School, Springfield, USA**

2008 – 2010
